Press Release:

PETDER COLLECTED 19,185 TONS OF WASTE MOTOR OIL IN 2016

Within the scope of the Regulation on Control of Waste Oils, PETDER, conducting waste motor oil collecting activities since 2004, collected and ensured the recycling as raw material and energy or disposal in licensed enterprises of 197,089 tons of waste motor oil in twelve years.

The amount of waste motor oil collected and delivered by PETDER (Petroleum Industry Association) to enterprises licensed by the Ministry of Environment and Urbanization in 2016 was 19,185 tons, with an increase of 8% when compared with 2015.

The waste motor oils were collected mostly from fuel stations, industry vehicle parks and mining and construction sector. The top three cities delivering waste motor oils were İstanbul (26.53%), Ankara (9.65%) and İzmir (7.40%).

The waste motor oils in category 1 (less dirty oils) were delivered to refinery / regeneration recycling facilities, waste motor oils in category 2 (dirty oils) were delivered to cement and lime factories to be recycled for energy purposes and to be exported, waste motor oils in category 3 (very dirty oils) were delivered to İZAYDAŞ to be disposed.

A Financial Source of 46 Million TL Used by PETDER for the Waste Motor Oil Management Project

With a financial source of approximately 6 million TL in 2016, 46 million TL in total is used for the Waste Motor Oil Management Project until today.

PETDER, covering all the necessary costs for the collection, transport, recycling or disposal in appropriate conditions for environment and human health of waste motor oils in accordance with Regulation rules, is offering this service to enterprises producing waste motor oil for free.

Contribution to Energy Efficiency of Our Country

PETDER added 780 million kWh to Turkey's energy efficiency by ensuring the recycling as raw material and energy or disposal in licensed enterprises of 197,089 tons of waste motor oil, which is an important source of energy, without harming the environment and human health. This number means an energy saving equivalent to the electric power need for a year of a population of 335 thousand.

PETDER Continues to Collect Waste Motor Oils for Environment and Human Health

Waste motor oils mixed with fuel in illegal ways or spilled into the environment threatens the environment and human health. When mixed to the water, 1 liter of waste oil pollutes 1 million liter of drinking water and when mixed to the fuel, it harms human health because of polluting emissions that it causes.

19,185 tons of waste motor oil collected by PETDER in 2016 may pollute 19.2 billion cubic meters of water. This amount of water, which is equivalent to the water need for a year of 91 million people, is also 16% of all consumable groundwater and surface water potential in our country.

January 1, 2017

81,500 Seedlings with PETDER's "One Barrel One Tree Project"

Within the scope of "One Barrel One Tree Project", PETDER plants one seedling for each barrel waste motor oil collected from public institutions.

PETDER, planting 10,000 seedlings in 2016, added in total 81,500 trees to the nature.

The Awareness on Waste Motor Oils Has to Be Improved

PETDER continues its activities in order to increase the amount of collected waste motor oil. Even the formation of an awareness is observed due to these activities on waste motor oils, supportive implementations are needed in order to improve this awareness.

Some part of waste motor oils in our country is still used in number 10 oil activities. The "number 10 oil" is a non-standard fuel product. It harms the vehicle and causes serious accidents, and even death in some cases. Therefore, public transport vehicles, especially interurban and urban buses and minibuses, should be subject to strict and continuous roadside inspections. Service vehicles should also be evaluated within this scope. These inspections, not only for producers and sellers of number 10 oil but also for its consumers, should be supported with sanctions and results should be shared with the public.

In Order to Increase the Awareness, PETDER Prepared a Public Spot Film

The public spot film and the radio spot prepared by PETDER and the Ministry of Environment and Urbanization in order to increase the public awareness on the dangers of the use of Number 10 Oil as fuel have been approved by the Radio and Television Supreme Council and were broadcasted during 2016. The public spot film is available in www.petder.org.tr web page, in section Press Room, Videos.

PETDER, the "Authorized Organization" by the Ministry of Environment and Urbanization

The authorization for collecting waste motor oils is given to "Motor Oil Producer" or "Authorized Organizations" by the Regulation and it is forbidden for people and institutions except these. Petroleum Industry Association (PETDER) is an "Authorized Organization" for collecting waste motor oil and ensuring its recycling as product or energy or disposal in licensed facilities across the country.

COMPANIES PARTICIPATING TO THE WASTE MOTOR OIL COLLECTING ORGANIZATION BY SIGNING A PROTOCOL IN 2016 (69 COMPANIES)

1. Anadolu Araçlar Ticaret A.Ş. (GEELY)/Kocaeli
2. Anadolu Isuzu Otomotiv San. ve Tic. A.Ş., /Kocaeli
3. Anadolu Motor Üretim ve Pazarlama A.Ş. / Kocaeli
4. Arı Petrol Kimya Endüstri ve Ticaret A.Ş./İstanbul
5. Atak Madeni Yağ Pazarlama San. Ve Tic. A.Ş., /İstanbul
6. Aytemiz Akaryakıt Dağıtım A.Ş. /İstanbul
7. Balpet Petrol Ürünleri Taşımacılık San. Ve Tic. A.Ş./ Mersin
8. Baylas Otomotiv A.Ş., (CITROEN)/İstanbul
9. Bayraktar Otomotiv ve Servis Hizmetleri A.Ş. (INFINITI) / İstanbul
10. Baytur Motorlu Vasıtalar Tic. A.Ş., (SUBARU)/İstanbul
11. Belgin Madeni Yağlar Tic. ve San. A.Ş., / Kocaeli

January 1, 2017

12. BMC Otomotiv Sanayi ve Ticaret A.Ş. / İstanbul
13. Borusan Makine ve Güç Sistemleri San. ve Tic. A.Ş. / İstanbul
14. Borusan Otomotiv İthalat ve Dağıtım A.Ş., (BMW, MINI, LAND ROVER)/İstanbul
15. Borusan Otomotiv Pazarlama ve Ticaret A.Ş. / İstanbul
16. BP Petrolleri A.Ş., (BP-CASTROL) / İstanbul
17. Çelik Motor Ticaret A.Ş.(KIA-LADA)/Kocaeli
18. Delta Akaryakıt Tic. A.Ş., (GULF) / İstanbul
19. Doğu Otomotiv Servis ve Tic. A.Ş. / İstanbul
20. Emek Petrol Ürünleri Tic. San. Ltd. Şti. (EXCELL OIL) / Sakarya
21. Enerji Petrol Ürünleri Pazarlama A.Ş.(ENERGY) /İstanbul
22. ENKA Pazarlama İthalat İhracat A.Ş., (IVECO) /İstanbul
23. Erman Madeni Yağ San. Ve Ticaret A.Ş. / Konya
24. Ford Otomotiv Sanayi A.Ş. / İstanbul
25. Gema Madeni Yağları San. ve Tic. A.Ş.(GEMAOIL) / Adana
26. General Motors Türkiye Ltd. Şti., (OPEL-SAAB-CHEVY) / İzmir
27. Hattat Tarım Makinaları San. Ve Tic. A.Ş. / Tekirdağ
28. HMF Makina ve Servis Sanayi ve Ticaret A.Ş., / İstanbul
29. Honda Türkiye A.Ş. / Kocaeli
30. İlkerler Otomotiv San. Ve Tic. A.Ş. / İstanbul
31. İsohtar Grup A.Ş. / İstanbul
32. John - Deere Makinaları Ltd.Şti., /İstanbul
33. Karat Güç Sistemleri San. Ve Tic. A.Ş. / Kocaeli
34. Kilerci Motorlu Araçlar Tic. Ve Paz. Ltd.Şti. / İstanbul
35. Koçak Petrol Ürünleri San. ve Tic. Ltd. Şti. (SPEEDOL) / Kocaeli
36. Kompet Petro Kimya Ürünleri San. Ve Tic. Ltd. Şti. / İstanbul
37. Link Kimya Petrol Ürünleri San. Tic. Ltd. Şti. (DEW)/İstanbul
38. LUKOIL Lubricants Middle East Mad. Yağ San. Tic. Ltd.Şti. / İstanbul
39. Mais Motorlu Araçlar İmal ve Satış A.Ş. / İstanbul
40. Mazda Motor Logistics Europe N.V. Merkezi Belçika, Türkiye İstanbul Şubesi / İstanbul
41. Mercedes – Benz Türk A.Ş./İstanbul
42. Milan Petrol San. ve Tic. A.Ş.(MOIL) /İstanbul
43. Mobil Oil Türk A.Ş. / İstanbul
44. Motec Madeni Yağlar San. Tic. Ltd. Şti./İstanbul
45. Nissan Otomotiv A.Ş. / İstanbul
46. OMV Petrol Ofisi A.Ş. / İstanbul
47. Opet Fuchs Madeni Yağ San. Tic. A.Ş., /İzmir
48. Özçınarlar Petrol Ürünleri Ltd.Şti, /Kütahya
49. Petline Petrol Ürünleri Tic. A.Ş., /İstanbul
50. Petrofer Endüstriyel Yağlar San. ve Tic. A.Ş./ İzmir
51. Petronas Madeni Yağlar Ticaret Ltd. Şti. / İstanbul
52. Peugeot Otomotiv Pazarlama A.Ş., /İstanbul
53. Pınar-Al Kimya Otomotiv ve İnşaat San. ve Tic. Ltd. Şti., (CROTEX)/Samsun
54. Prista Oil Yağ San. ve Tic. Ltd. Şti, /İstanbul
55. Reksoil Petrokimya San. ve Tic. A.Ş. / İstanbul
56. Shell & Turcas Petrol A.Ş. / İstanbul

About PETDER

PETDER was founded in September 23, 1996 by Turkey's leading fuel distribution companies in order to work on operations chain of petroleum products (fuel, lubricants, LPG) from the production to consumption. PETDER's members are Alpet, Aytemiz, Belgin, BP, Exxon Mobil, Gulf, Opet, Petline, Petroyağ, Petrol Ofisi, Shell, Shell & Turcas, Total and Turkuaz. PETDER, working also on health, safety and environment issues, conducts also "Waste Motor Oils Management Project" and in parallel, "One Barrel One Tree" environment project. PETDER also plans and executes Traffic Safety Platform Fuel Committee works.
